From time to time, we release new updates with new fixes, new features and game balance adjustments, as well as updates to older versions of our games. Which version(s) of the Combat Mission games are you currently using? You can check which Combat Mission version you are using with the following instructions: Click on "Configuration" in the main menu of your game and scroll down to "Advanced". Scroll down until you reach the "Combat Mission Version" field. Click on it and the version number should be shown. To force a certain Combat Mission version to be used by the game, check "Force version", change the number to the version you want to use and click on the "OK" button. As of 2017, we have added support for Combat Mission 1.0 and have a version of Combat Mission Firing for the new game. If you check the following box, the game will use Combat Mission 1.0 instead of Combat Mission Firing for all of our games: When in game select the map/game you want to use: Game->Options->Game type In the search box type: "Combat Mission 1.0" Choose the version of Combat Mission you wish to use. Below the current version, you will find the previous version that you were using and the next version we intend to release (time based). Score and High Scoring system

Game Description

You are trapped in Hell. You must fight the demons to get out of this Mortal World. You must reach the last corridor to reach the Human World. But it's a long way... up the wall and... through the trees and maybe even cross a river. The first page of the book you saw the demons and you are now in a tough journey that have no plan -just but logical!

Enemies:

- Demons:
- Alligator, Bears, Lions, Pirates, Robots.

Waves:

- • Free fall using gravity
- • Thick falling sand
- • Water in the river

Level Features:

- • Drop what? You don't know exactly, it depends on the chapter... and especially on the demons:
- - There is one version of demons for Survival
- - 1 problem with a single enemy
- - The penalty is strict to set the highest score.
- - The scene is unknown and dangerous: special edition for this chapter. Some rooms are windows without an exit and the scene to the final cover...

Single Player mode:

- The shooter is lonely: 3 Levels entirely made up so far.

Multiplayer mode:

- 2 players have to jump on each other and kill the demons in Head to Head modes. World modes lets everyone jump from one nation to another.
- 3 modes are around: Time Attack, Speed Run and Score Party.
